**SARITA RUBBER FACTORY**

## Introduction

### THE COMPANY

Sarita Rubber Factory is a company in the crown state Haryana of India, where research, development and customer orientation have come together, to manufacture and supply the highest quality retreading materials.

### THE PRODUCTS

#### PRECURED TREAD RUBBER

Sarita Rubber Factory has entered in product manufacturing with its first product of conventional and Precured Tread Rubber. We are fully equipped to manufacture treads in all sizes suitable for tyres of different uses. These are made from the finest natural rubber and synthetic rubber to withstand the hardest road conditions. Produced under strict quality controls, consistency of quality is tested in well-equipped laboratory attached to the factory.

Sarita Rubber Factory has a quality control system that insures that after machine buffing, every strip of PCT is hand-finished and inspected before being packed.

#### MOULD CURE RUBBER (Conventional Tread Rubber)

Sarita Rubber Factory mould cure rubber with Cushion backing has been formulated and developed in our labs to give your tyre miles and miles of extra life. Tread rubber with **SARITA TREAD** is available in every size and gauge.

#### CUSHION GUM AND BONDING GUM

Fast curing and slow curing repair material and vulcanizing gums are made to suit 99°C, 125°C and 150°C temperature levels.

### THE SERVICE

#### UNCOMPROMISING QUALITY

Besides the latest technology, Sarita Rubber Factory has a quality control system that ensures quality at every stage of production.

#### DISTRIBUTION NETWORKS

A distribution network that at present reaches throughout of India.

## Product Range

**Precured Tread**  
(Cold Rubber)

**Tread Rubber**  
(Hot Rubber)

**Hot Cushion Gum**

**Bonding Gum**

**AJAX**
